## ARCHITECT ICON

## RENAISSANCE MAN

Alessandro Mendini was a true definition of a renaissance man, best known for his playful and witty post-modern creations.

Alessandro Mendini was an Italian designer and architect. He played an important part in the development of Italian, Postmodern, and Radical design. The character of his design is marked by what was his strong interest in mixing different cultures and different forms of expression; he created graphics, furniture, interiors, paintings, and architecture and also wrote several articles and books. He was renowned as an enthusiastic member of the jury in architectural competitions for young designers.

## PROJECT

## STORY SOPHISTICATE

Interior designer Irina Grave has designed a high-end residential project in Moscow with some of the best luxury brands reflecting the Art Deco style.

This luxury Moscow residence by the top interior designer, Irina Grave, was created with special attention to detail. Showing not only the designer's high level of skills, but it also showcases the natural beauty of the Portuguese craftsmanship techniques through the best luxury pieces by Essential Home and DelightFULL.

Graduated with honors from the "Details" school, Irina Grave is a certified designer engaged in the design of private and public interiors. Her work on each project is based on the architecture of the space and the specifics of the lifestyle of a particular customer and is carefully thought about till the last detail. "It is very important for me to understand the customer to create an interior in which he will be psychologically comfortable, timeless, and fashionable. But at the same time, I try to open new horizons for the customer", explained the interior designer.
