Louis Vuitton opened the doors to its second freestanding menswear boutique store in the heart of the Miami Design District designed by world famous designer Marcel Wanders. The store is a tribute to the men's artistic director Virgil Abloh who suddenly passed away just before the Spring-Summer 2022 Fashion Show. Abloh's first U.S. show for the brand was also his last, a magical and solemn event that culminated with a red paper plane and "Virgil was here," etched on the Miami skyline.

## TURNER MYSTIQUE

Interior Designer Vaida has created an interior to a new private house inspired by the great singer Tina Turner in Vilnius old town Lithuania, the UNESCO world heritage country.

Lithuania, a UNESCO world heritage country in Europe that is known for its rich architecture has always excited the people all over the world. The identity of Lithuania's architecture is defined not only by historical situations, but also by people who lived at different periods of time and their perception of art. Starting with wood, stone and clay, Lithuania already built brick buildings back in the 13th century. The remains of masonry from that century might be found in the very heart of Vilnius, the capital of Lithuania, i.e. in the bell tower of the cathedral. Open to a diversity of culture, art trends and architectural styles, Lithuania created an extraordinary and unique face of architecture. Vilnius, the capital of Lithuania has some historic buildings that are Gothic, Renaissance, Baroque and Classicism styles. Referring to its old beauty, interior designer Vaida Kandratavičiūtė along with DelightFULL has created and developed an interior for a new private house in Vilnius old town.
