Tile of Spain has discovered the ceramic colour trends for 2023!

The choice of the colour palette is key to building the decorative style of our spaces. Playing and experimenting with the different colours and shades offered by the ceramic collections of Spanish brands helps us define environments and stamp our own identity in each room, allowing us to explore our creativity and adapt them to our most personal tastes. From the most natural and neutral tones to the most energizing and sophisticated shades, colour becomes the key to giving the home originality and completely transforming spaces.

REMEMBERING BV DOSHI

Pritzker Prize winner and the great architect of India BV Doshi passed away on the 24 January, 2023. The Tiles of India pays him a tribute

The influential Indian academic and Pritzker Prize-winning architect Balkrishna Doshi died at the age of 95. He will be remembered for his many altruistic projects, chameleon-like aesthetic, and supreme spirituality over his more than 70-year career. After cutting his teeth working under Le Corbusier on various projects in the 1950s and collaborating with Louis Kahn on the iconic—and now endangered—IIM campus in Ahmedabad, India, he struck out on his own with numerous noteworthy buildings in his home country, including Aranya low-income housing in Indore, CEPT University's School of Architecture, Life Insurance Corporation Housing and Amdavad Ni Gufa, all in Ahmedabad. Doshi was born in Pune on 26 August 1927, moved to Mumbai in 1947 and enrolled in the architecture course at the Sir J.J. College of Architecture. In 1950, he left on a ship for London and after a few months there, he moved to Paris to work under Le Corbusier.

THE MOXY SOUTH BEACH HOTEL

The Moxy South Beach Hotel in Miami designed by Rowxell Group

Moxy South Beach has opened with a design that blends the glamour of midcentury Havana, the artistry of contemporary Mexico City, and a tropical vibrancy that's unmistakably Miami. The 202-key, the eight-story hotel, featuring two pools and the nearby Moxy Beach Club, will be the first resort-style property under Marriott International's Moxy Hotels brand, marking a new chapter for hospitality in Miami Beach. Moxy South Beach is upending the way travellers experience hotels in the new year, from contactless check-in to indoor-outdoor lounging, meeting, fitness, and dining spaces. Moxy South Beach's interiors are designed by Rockwell Group (public spaces and bedrooms) and Saladino Design Studios.
