## TILE TRENDS

## TILE STYLE '22

The Top 8 Tile Trends for 2022 from the Cersaie International Show.

Cersaie International Exhibition of Ceramic Tile and Bathroom Furnishings took place in Bologna, Italy, showcased upcoming tile trends that will be making their mark on homes and businesses in the year 2022 and for years to come.

### Wallpaper effect tiles

Tiles have become one of the hottest interior design trends in 2021, and this trend is not slowing down any time soon! Rather than risking easily stained wallpaper in your mudroom, entryway, kitchen, or bathroom.

# PROJECT

## PARISIAN PARADISE

Interior designer Kelly Bedel has given a Parisian apartment an artistic touch.

Located in one of the most eclectic zones in the city of lights, Paris, this amazing apartment is easy to fall in love with. Inside this luxury dream, it has a beautiful and modern decor at the same time the splendid garden view, as the landscape that surrounds the apartment is the world-famous Jardin du Luxembourg. This exclusive location puts this artistic interior design near to the Luxembourg Palace, owned by the Senate, to the Fontaine Medicis, and also to the Theatre de l'Odeon.

Almost as an extension of the exterior, this interior design by the Parisian interior designer Kelly Bedel enhances the living space, like no other, being influenced by the nature that surrounds it, starting with the green color, present in every room.

Stepping inside, the natural light takes the place and enhances every corner and every ambiance created.

## STARK BRILLIANCE

Philippe Starck turns 73 on the 18 of January 2022, we share a brief journey through his life and work.

Philippe Starck, a French industrial architect, and designer who is known for his wide range of designs, including interior design, architecture, household objects, furniture, boats, and other vehicles is going to turn 73 on 18th January 2022. Starck was born on 18 January 1949 in Paris to Andre Starck, who was an aeronautics engineer. He says that his father often inspired him because he was an engineer, who made invention a duty. His family was originally from and lived in the Alsace region before his grandfather moved to Paris. In 1974, he moved to the USA, but then returned to Paris two years later.
