TILE STYLE

ELEGANT IN BLACK

Nero Marquina, or black marble is all about a sophisticated, understated elegance that is sure to charm you, explore five ways to use it in your space!

Black marble is an elegant and sophisticated natural stone that is ideal to create any decorative environment. Therefore, there are countless reasons to use it as the main centerpiece in any home. One of the most representative types of black marble is Nero Marquina. This marble is originally from the region of Markina, Basque Country in the North of Spain. Nero Marquin gets its original black color from naturally-occurring bitumen. It is one of the most important marbles from Spain.

FLASHBACK

RHYTHM OF THE UNIVERSE

Delia Kinzinger, also called fondly, Didi Contractor, was a self - taught American architect known for her work on sustainable building in India with a unique approach to building that synced with the cycles of nature.

Didi Contractor whose real name is Delia Kinzinger was a self - taught American architect known for her work on sustainable building in India using adobe, bamboo and stone for materials. She was born in 1929 in the USA to father, Edmund Kinzinger who was a German national and mother, Alice Fish Kinzinger who was an American. Both of them were renowned painters belonging to the Bauhaus group in the early 1920s. Didi Contractor grew up in Texas, USA, and spent some time in Europe also. They moved to Waco, Texas in 1935. She grew up in New Mexico and Texas, and took a year off from school to work in theatre. At the age of 11, she started to listen to Frank Lloyd Wright and saw an exhibition of his works along with her parents. This made a lasting impression on her mind and developed her inclination for the profession of architecture.
