ARCHITECT ICON

THE ORGANIC ARCHITECT

June 8th marks the birthday of the famous architect, designer, and educator, Frank Lloyd Wright, an opportune moment to read about the rich legacy of creative work.

Although it's been more than 50 years since the death of Frank Lloyd Wright, the work of America's pre-eminent architect has never really gone out of style.

Frank Lloyd Wright was an American architect, designer, writer, and educator. He designed more than 1,000 structures over a creative period of 70 years. Wright believed in designing in harmony with humanity and the environment, a philosophy he called organic architecture. This philosophy was exemplified in his project Fallingwater which has been called "The best all-time work of American architecture". Wright played a key role in the architectural movements of the twentieth century, influencing architects worldwide through his works and hundreds of apprentices in his Taliesin Fellowship.

VIBRANT EVENINGS

Apoorva Lekha, principal architect of Studio 9 has given a classic look to the three-leveled retro bar Drink N Dine, located in Bangalore.

Drink N Dine is a Retro bar in Bangalore that is layered into three different levels of the building namely 2nd, 3rd, and terrace floor occupying an area of 6900Sq.ft. This bar screams opulence and class and is aimed at different groups of people, trendy and hip weekend bar schmoozers. The main idea behind the bar interior design is to keep the customers interest intact. To make them stay longer and to enjoy their evening. The main design idea for the Drink N Dine bar was to create an entertaining space that would create memorable experiences for the patrons.
