Asian Granito India Ltd inaugurates a 3,500 sq feet Luxurious Display Center in Hyderabad

# PROJECT

## OLD WORLD LUXURY

Isprava Athena by ARA Design is de-cluttered design with simple geometry. Athena, designed by Architect Amey Dahanukar of ARA Design is set in the Portuguese architecture style where a sense of old-world charm is fused with local flair and tradition.

This home sets itself apart with its design that caters to themes of luxury, reliability and closer to nature. The project is one fraction of the property which spreads across 1500 Sq.m. of area comprising of spaces unfolding into the landscape.

# Designed to Perform.

## CREADIGIT INFINITY

The future of ceramic decoration passes through **Creadigit Infinity**, the new digital printer with a computing power never seen before. Thanks to CoreXpress, **the latest-generation platform**, key information, useful for image reproduction on the ceramic surface, is **exchanged and processed in real time with sophisticated processors and a dense network of sensors**.

More flexibility and more variation with over 12 color bars and the management of different heads on each individual machine with a resolution of up to 600 dpi. **Towards the maximum level of performance.**
