## **‘DIAMOND’ MOSAIC DECOR**

Atlas Concorde presented the new Marvel Meraviglia collection in collaboration with Zaha Hadid Architects at Cersaie 2023

Wonder, or ‘meraviglia’ in Italian, drives creativity and inspiration. Atlas Concorde's new Marvel Meraviglia collection is named after Calacatta Meraviglia, a timeless marble characterized by the purity of its white composition that incorporates slender veins and soft weaves. With neutral shades drawn from the finest marbles that also include Calacatta Bernini, Silver Majestic and Black Origin, the collection echoes the natural palate and grain of each marble in a variety of finishes and specifications for both indoor and outdoor use.
