ARCHITECT ICON

THE SOCIAL ARCHITECT

Architect David Adjaye's designs are well known for their social responsiveness, he will be celebrating his birthday on the 22nd of September. We share a snapshot of his life and work...

“For me, architecture is a social act.” **David Adjaye**

Architect David Adjaye needs no introduction. He is the award-winning Ghanaian-British architect who is known to infuse his artistic sensibilities and ethos for community-driven projects. His ingenious use of materials, bespoke designs, and visionary sensibilities has set him apart as one of the leading architects of his generation.

PROJECT

A SOUL DREAM

A beautiful living room in Egypt by Rowan Mahrous, mixes contemporary with luxury style, combining neutral and brave tones bringing together a space that is a soul's dream.

Creating a beautiful, balanced aesthetic is quite a task. With a clear vision of inspiring and delivering design to the world, Covet House joined forces with various visual designers, interior designers, and 3D artists to create powerful ambiances, that are indeed bound to inspire and boost creativity. Using various pieces from the brands under Covet House's belt, these partnerships were meant to not only showcase how well and versatile these pieces are but also to provide a platform where these designers and studios could shine their work. Contemporary feel, wonderfully put together, with tasteful and modern architecture, this living room, designed by Rowan Mahrous in partnership with Covet House, mixes contemporary with luxury style, combining neutral and brave tones. A perfect space to enjoy and sit in a comfortable and, at the same time, functional space.

INNOVATION

VERTICAL GREENS

BENETTI HOME green walls for dining places with a green appeal are innovative with luxury and style.

Vertical gardens and moss walls are green elements that can give a renovated look to a bar or a restaurant, creating a suggestive atmosphere and unique interiors with a touch of greenery. BENETTI HOME, a young and dynamic Italian company, has developed a product with unique characteristics, both from a technical point of view and for the fantastic aesthetic impact, which effectively solves the critical issues that make the use of indoor 'green' uneasy.

Benetti MOSS in restaurants and bars
